

RONCHI DI PIETRO

FRIULANO

REGION: Friuli

APPELLATION: Friuli DOC

VARIETAL(S): 100% Friulano

ABV: 13%

WINEMAKING:

Harvested with a medium ripening, excellent acidity and fairly good aromaticity.

VINTAGE NOTES:

The vintage was good, except for the quantity loss due to the big hailstorm of July 23rd/26th that almost all the region suffered (average 25% loss in the area)

The rainfall was above average but also the day/night temperature range, with the minimum temperatures level increased: this led to good results in terms of aromaticity but also potential longevity of the wines and biological balance of the vineyards.
